

Run these reports to see the status of your referrals in HMIS

258 CE Housing Referrals

See the status of any unresolved referrals for clients who are currently on the Priority List.

"Unresolved" may mean:

A referral that has not been acknowledged in HMIS.

A referral that has not been marked "successful" or "unsuccessful" in HMIS

A referral that should result get removed from the Priority List, but hasn't yet.

267 CE Housing Provider Audit

Pair with **the report above (258 CE Housing Referrals)** to look over a date range, rather than just seeing the current Priority List. This could potentially unearth older data entry issues. This report shows historical details *and* the current priority list as the report's end date is the day you are running the report.

030 MN Core Homeless Programs

251 Quarterly Data Quality Monitoring

Both reports identify clients with missing Housing Move-In Dates. The 251 report is what agencies use during the quarterly data reviews that they conduct as part of Minnesota's statewide process. Lastly, the 251 report can be run with any date range, not just quarterly.
